

GME Psychiatry Update 2017

Saturday, April 1, 2017
New York, NY

Jointly provided by Postgraduate Institute for Medicine and Global Medical Education.

Postgraduate Institute
for Medicine

GLOBAL MEDICAL
EDUCATION

This activity is supported by independent educational grants from Merck, Neurocrine Biosciences, Sage Therapeutics, Shire, and Sunovion.

Target Audience

This activity has been designed to meet the educational needs of physicians, physician assistants, nurse practitioners, registered nurses, pharmacists, and psychologists who care for patients with psychiatric disorders.

Educational Objectives

After completing this activity, the participant should be better able to

- Discuss the diagnosis and management of bipolar disorders, ADHD, TD, insomnia, postpartum depression, and managing side effects in psychiatric patients
- Individualize treatment choices, giving consideration to efficacy, safety, long-term data, and unique patient characteristics
- Formulate appropriate treatment regimens considering the emergence of new investigative agents
- Provide accurate and appropriate care and counsel as part of the treatment team.
- Provide appropriate care and counsel for patients and their families

Faculty (in order of appearance)
